12	Conclusion – Way Forward for Effective Implementation of SASCI	26

Introduction

The **Scheme for Special Assistance to States for Capital Investment (SASCI)** is a Government of India initiative aimed at supporting States in augmenting capital expenditure and undertaking identified reforms for strengthening public infrastructure and improving the quality of governance.

Under the scheme, States are provided **50-year interest-free loans** linked to specified capital investment and reform outcomes. This is seventh year of SASCI implementation (started in 2020-21) for which the state Rajasthan received **₹35,000 crore** under SASCI, till July 2026.

The SASCI 2026-27 presently comprises **12 parts**, with a significant component of the assistance linked to achievement of prescribed reforms and milestones assistance. Eligible projects are required to have a minimum capital expenditure of **₹5 crore**, with the stipulated expenditure to be incurred by **31 March 2027**.

Given the **first-come, first-served** mechanism for release of assistance, timely identification, submission and implementation of eligible projects and reforms assume particular importance.

This document provides a brief overview of the major capital expenditure projects and departmental reforms undertaken by the Government of Rajasthan under SASCI during FY 2024-25 and FY 2025-26.

The capital expenditure component highlights key interventions across public works, police infrastructure, irrigation and drinking water, the PM Unity Mall, digital infrastructure, public safety and working women hostels. The reform component presents key initiatives relating to the Farmer Registry and Digital Public Infrastructure for Agriculture, mining-sector reforms, urban development and ease of doing business, and transport and road safety. Apart from these, many small capital projects have also been taken under SASCI scheme.

The report captures the financial and physical progress, key achievements, outcomes and the way forward across these interventions.

Part – A

Capital Expenditure on Infrastructure projects

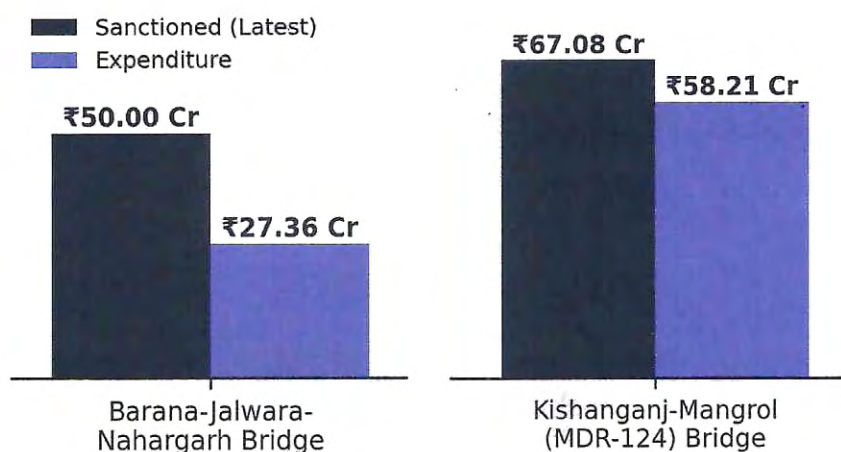

1. Projects under Public Works Department

High Level Bridges over River Parvati, Baran District - Two High Level Bridges have been constructed by PWD across the Parvati river in Baran district from special assistance received under SASCI scheme to provide all-weather connectivity in place of low-level crossings that were disrupted during river floods.

Bridge-wise Details

S.No.	Bridge (Name of Work)	Total Sanctioned Cost (₹ Cr)	Expenditure under SASCI (₹ Cr)
1.	Kishanganj–Mangrol via Ramgarh Road (MDR-124), km 33/0, across River Parvati	67.08 (Orig. 50.00)	58.21
2.	Barana–Jalwara–Nahargarh Road, across River Parvati, Baran	50.00	27.36

Financial & Time Progress

Importance & Benefits

- Considering the traffic pressure for movement of agricultural produce, employment, education, health and emergency services, high level bridge was required for all time connectivity.
- Smooth traffic flow even during river floods will improve movement of students and labourers, thereby promoting local economic and social developments.
- Reduction in transportation distance and time between surrounding rural areas, and there will be increase in safety and convenience of vehicle operation.

2. Construction of Police Barracks & Residential Buildings under SASCI 2023-24

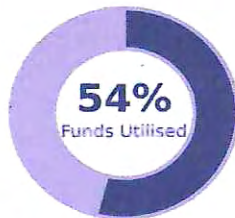

Projects undertaken for Police Department

Vide Government of India letter F.44(1)/PF-C(CAPEX)/Part-4/2023-24 dated 15.12.2023, an amount of ₹228.00 Cr was sanctioned under the Scheme for Special Assistance to States for Capital Investment (SASCI) 2023-24 for construction of barracks and residential buildings for police personnel across the State.

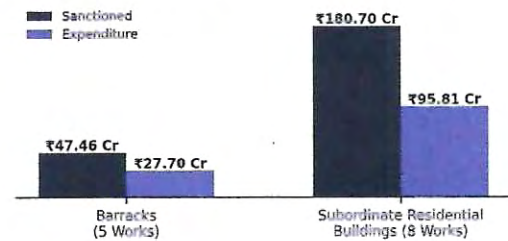

₹228.16 Cr Total Sanctioned (SASCI 2023-24)	₹123.51 Cr Expenditure Incurred (54%)	13 Works 5 Barracks + 8 Residential Buildings	7 Districts Covered
--	---	---	-------------------------------

Fund Utilization & Category-wise Break-up

₹123.51 Cr Spent of ₹228.16 Cr Sanctioned

Sanctioned vs Expenditure by Work Category

Work-wise Sanction & Progress Status

S. No	Work Type	District / Location	Sanctioned (₹ Cr)	Expenditure (₹ Cr)	Target Completion
1	Barrack (200M + 50W)	Kotputli Behror	10.83	4.48	Dec 2026
2	Barrack (200M + 50W)	Deeg	10.83	3.50	Dec 2026
3	Barrack (200M + 50W)	Jaipur CP (Chandpole)	10.83	8.66	Sept 2026
4	Barrack (200M + 50W)	Jaipur Rural Jail (13th Bn. RAC)	9.22	8.44	Sept 2026
5	Barrack (100M+25W) + Type-1 Residence	Bharatpur (PTS)	5.75	2.62	Oct 2026
6	Residential (12 USQ + 36 LSQ)	Kotputli Behror	14.56	6.74	March 2027
7	Residential (12 USQ + 36 LSQ)	Beawar	14.56	4.76	March 2027

S. No	Work Type	District / Location	Sanctioned (₹ Cr)	Expenditure (₹ Cr)	Target Completion
8	Residential (12 USQ + 36 LSQ)	Deeg	14.56	4.74	March 2027
9	Residential (12 USQ + 48 LSQ)	Jaipur Rural Jail (Fatehpur)	17.88	14.94	Oct 2026
10	Residential (36 USQ + 114 LSQ)	Jaipur CP (CID-CB & RPA)	45.33	36.02	Oct 2026
11	Residential (12 USQ + 48 LSQ)	Sriganganagar	17.88	9.41	March 2027
12	Residential (6 USQ + 48 LSQ)	Bharatpur	15.59	3.90	March 2027
13	Residential (36 USQ + 96 LSQ)	Kota (City & Rural)	40.34	15.32	March 2027
TOTAL		13 Works	228.16	123.51	

Key Progress Highlights

- Barracks at Jaipur Commissionerate (Chandpole) and 13th Bn. RAC Jaipur Rural Jail are at finishing stage (flooring, joinery, sanitary fittings, painting), targeted for completion by September 2026.
- Residential buildings at 13th Bn. RAC (Fatehpur) and CID(CB)/RPA campus, Jaipur are nearing completion, with finishing and electrification work in progress; remaining subordinate residential buildings across Kotputli-Behror, Beawar, Deeg, Sriganganagar, Bharatpur and Kota are targeted for completion by March 2027.

Anticipated Benefits

- Housing facilities will be available for police personnel posted across these units.
- Strengthens the Police Department's commitment to reach law-and-order/bandobast duties within minimum response time.

3. Major Irrigation & Drinking Water Projects under SASCI scheme

Overview of the project under Water Resources Department

The Water Resources Department is executing 8 major EPC turnkey lift-irrigation, canal, dam and drinking-water projects across Dholpur, Jhalawar, Tonk, Banswara and Kota districts, with capital support under the Scheme for Special Assistance to States for Capital Investment (SASCI), FY 2022-23 to 2025-26. These projects modernise pressurized irrigation networks, secure drinking water supply for allied PHED schemes, and drive socio-economic development in tribal and Hadoti regions.

8 Projects Major WRD Projects under SASCI	₹4,434.65 Cr Total Allocated / Approved Cost
₹4,377.33 Cr Utilized / Expenditure (~99%)	1.07 Lakh Ha Combined Irrigation Command Area (6 Projects)

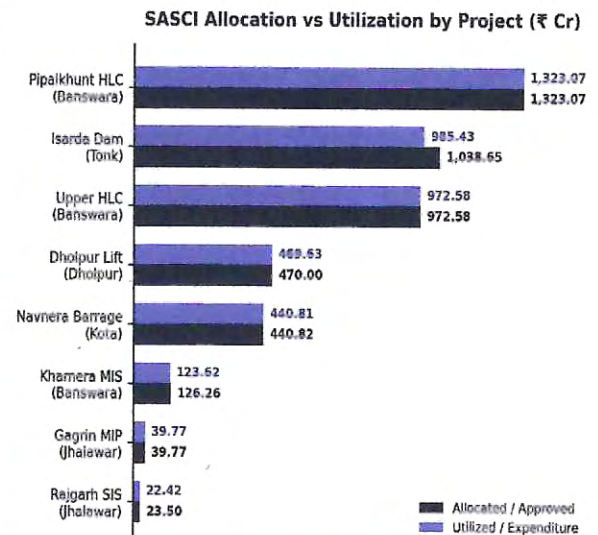

Figure 1 Financial Progress — Allocation vs Utilization, by Project

Project-wise Status

Project	District	Allocated (₹ Cr)	Utilized (₹ Cr)	Physical Progress
Pipalkhunt High Level Canal (PHLC)	Banswara	1,323.07	1,323.07	90%
Isarda Dam Project*	Tonk	1,038.65	985.43	Phase-I Dam Complete
Upper High Level Canal Project	Banswara	972.58	972.58	40%
Dholpur Lift Irrigation & Drinking Water	Dholpur	470.00	469.63	Advanced (Diggis 69/108, Pipeline 98%)
Navnera Barrage Project	Kota	440.82	440.81	Barrage Complete (30.09.2024)
Khamera Micro Irrigation Scheme	Banswara	126.26	123.62	98% (Financial: 90%)
Gagrán Medium Irrigation Project	Jhalawar	39.77	39.77	95%
Rajgarh Sprinkler Irrigation System	Jhalawar	23.50	22.42	70%
TOTAL (8 Projects)		4,434.65	4,377.33	99% Overall Utilization

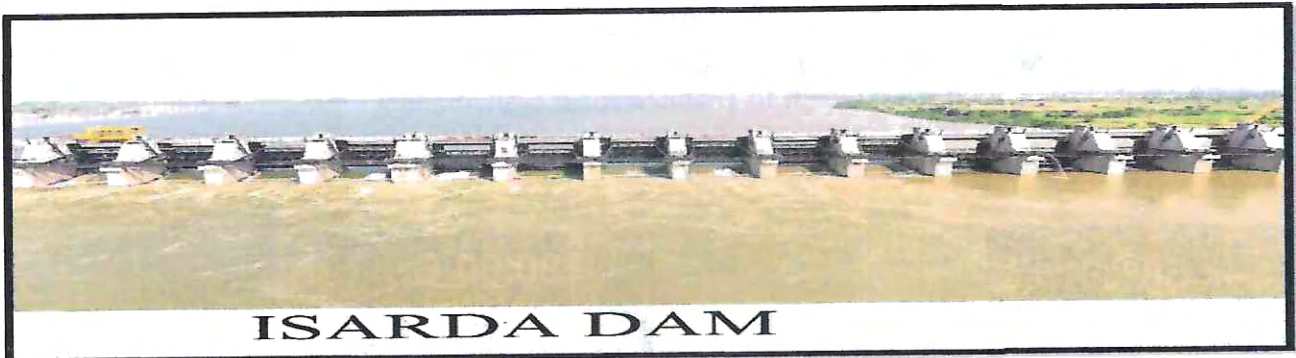

In addition, Dholpur Lift Irrigation (Diggis, pipeline and solar plant substantially complete), Isarda Dam (Phase-I dam construction complete) and Navnera Barrage (barrage construction complete since 30.09.2024) have reached advanced or completed status on their key structures.

Key Highlights

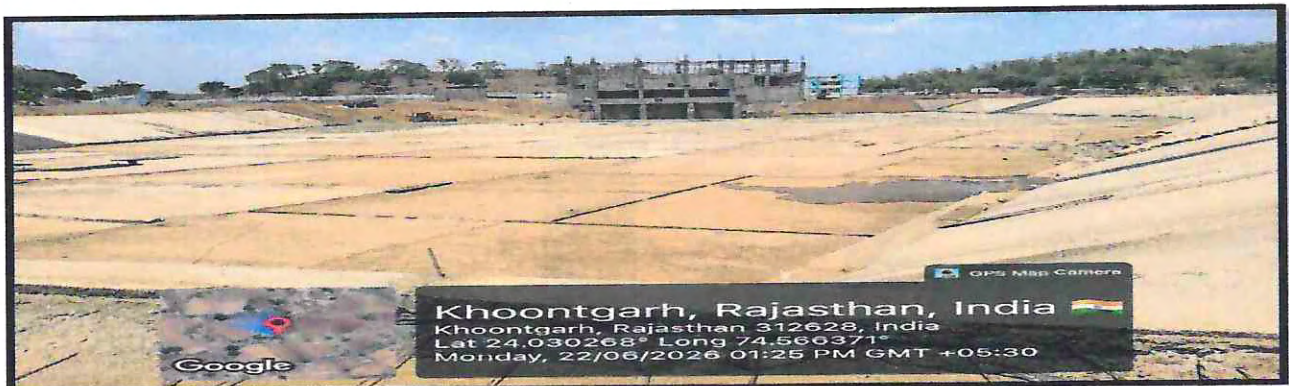

- Combined, these projects will unlock reliable irrigation across 1.07 lakh hectares and secure drinking water for several hundred villages/towns across Dholpur, Dausa, Sawai Madhopur, Jhalawar, Kota, Bundi, Baran, Banswara, Pratapgarh, Udaipur, Chittorgarh and Rajsamand districts.

- The Isarda Dam alone is expected to benefit approximately 35.13 lakh people with drinking water security in Dausa and Sawai Madhopur districts.
- Land acquisition and forest diversion are complete for most projects; electrical/pumping infrastructure and statutory clearances (e.g. PARIVESH forest diversion for Upper HLC) are being pursued on priority to facilitate commissioning.

4. PM Unity Mall (PM-Ekta Mall), Jaipur under SASCI scheme

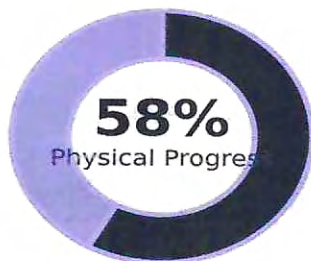

Overview of the project under Department of Industries

In the Union Budget FY 2023-24, the Government of India announced ₹202 Cr assistance for developing a Unity Mall (PM-Ekta Mall) in each State under SASCI 2023-24, Part-VI, built around the 'One District One Product' concept to promote local craftsmanship, preserve cultural heritage and foster inter-State trade. In Rajasthan, the Department of Industries & Commerce is the nodal agency, with RIICO as the implementing agency.

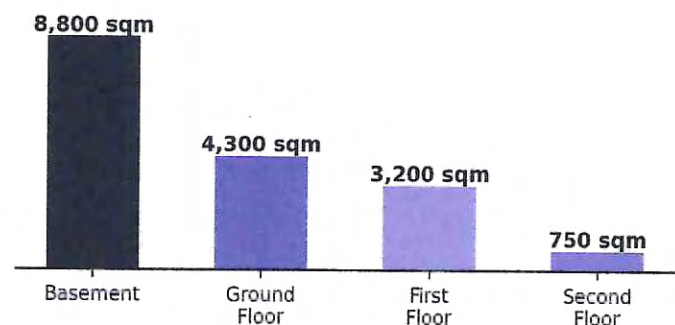

Progress Overview

Overall Physical Progress
(Tentative Completion: Jan 2027)

Slab Casting Completed, by Floor

Key Completed Works

- 58 trees removed/transplanted with district administration's permission; 600 additional trees planted near the site in compensation.
- Structural drawings vetted by NIT Kurukshetra and MEP drawings vetted by NBCC — both approved.
- Basement: slab cast over 8,800 sqm (reinforcement/shuttering in progress for the remaining area); PCC with crystalline coating completed; plastering nearly complete; block/brick work and retaining wall (with waterproofing) completed.
- Ground Floor slab (4,300 sqm) and First Floor slab (3,200 sqm) cast; Second Floor shuttering & reinforcement completed for 750 sqm.
- STP and WTP construction in progress; procurement completed for 2 DG sets, substation, and fire-fighting pipes with accessories.

Financial Progress

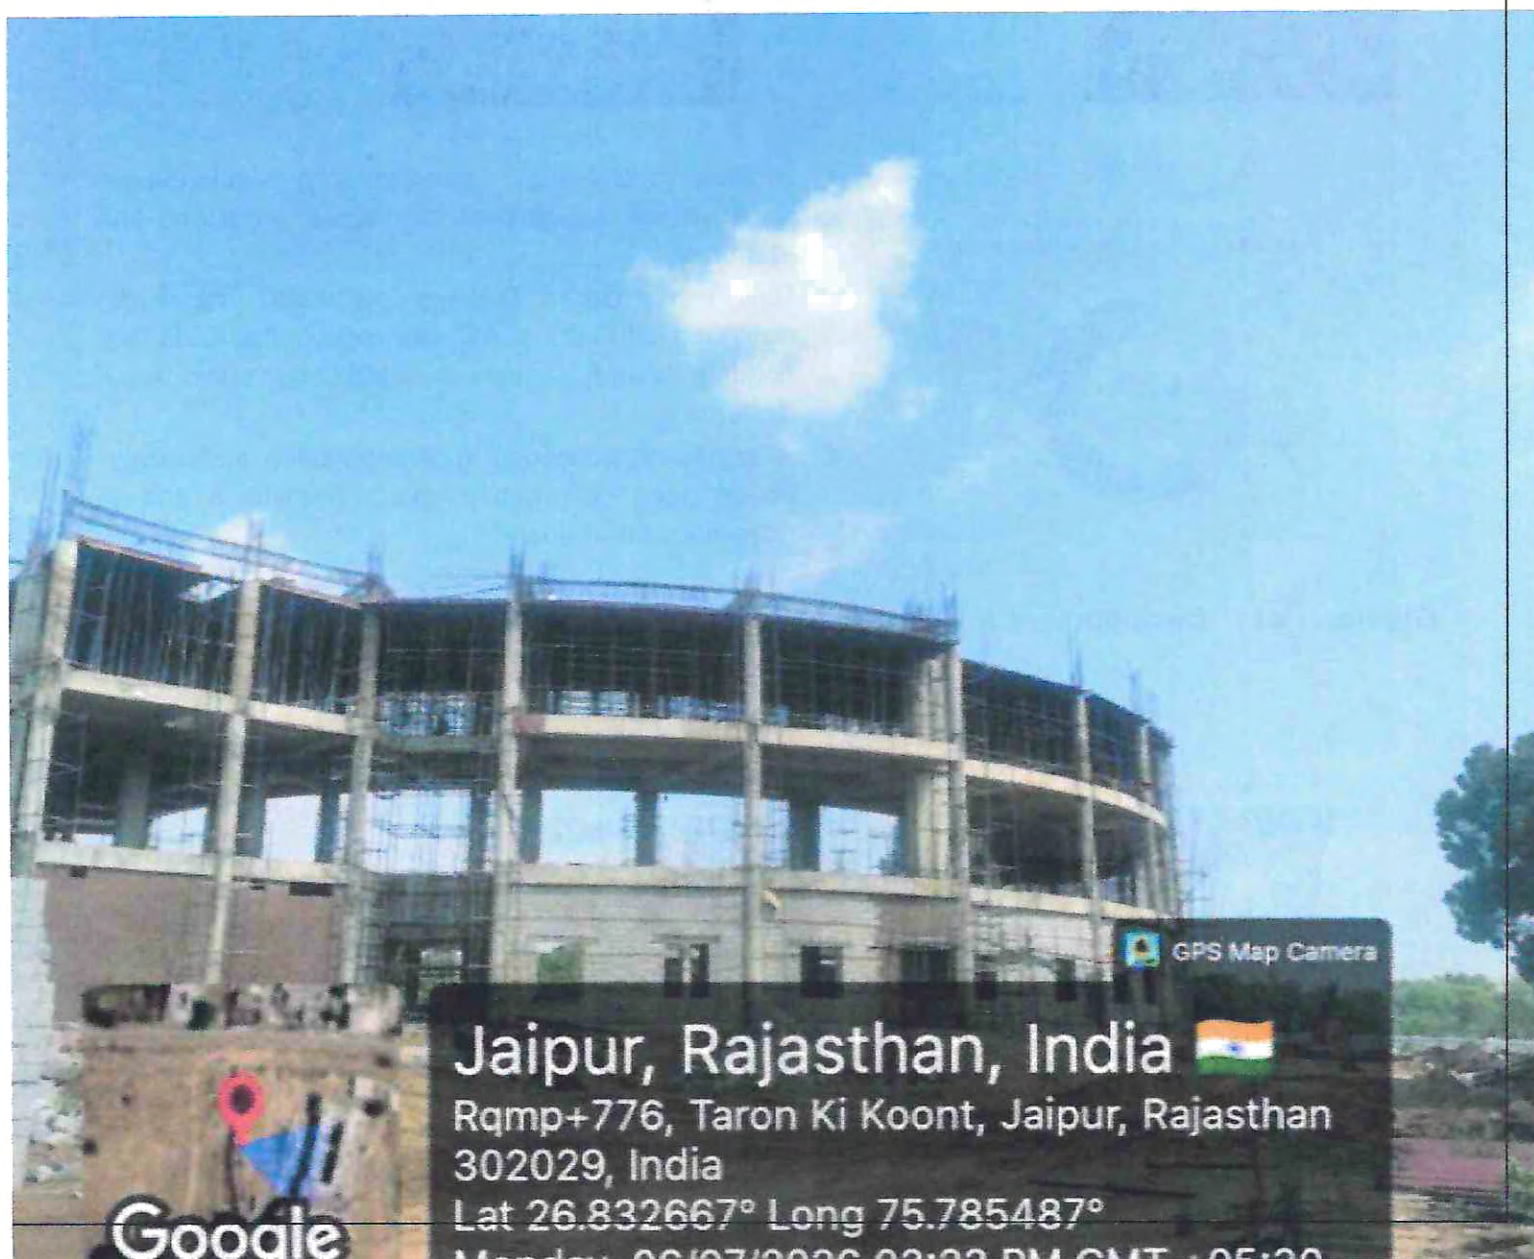

- Both tranches of the ₹202 Cr sanctioned assistance have been received by the State.
- RIICO has submitted a Utilization Certificate of ₹80.80 Cr to the Industries Department, which has been communicated to the Finance Department, GoR.

Upcoming Works (Next 6 Months)

- | | |
|--|--|
| 1. Remaining structural work | 8. Glazing works |
| 2. Electrical work (conducting, wiring, panel board) | 9. False ceiling works |
| 3. HVAC works (ducting, piping) | 10. Flooring works |
| 4. CCTV works (conducting, wiring) | 11. External development (road, boundary wall, etc.) |
| 5. Low-voltage works (IT, server room) | 12. Furniture works |
| 6. STP / WTP works | 13. Fire-fighting works |
| 7. External stone cladding works | |

5. Project under SASCI scheme for Department of Information Technology & Communication (DoIT&C), Government of Rajasthan

Flagship Digital Infrastructure & Public Safety Initiatives

I. IT Development & e-Governance Centre, Jaipur

Under the State Budget 2023-24 announcement (Point No. 142-III, dated 10.02.2023), this Centre was completed to promote digital governance and provide state-of-the-art infrastructure for research, innovation and technical efficiency — inaugurated by the Hon'ble Prime Minister of India on 25.09.2025.

₹140 Cr Total Project Cost	₹85.52 Cr Funded via SASCI (61%)	1.50 Lakh sq ft Built-up Area (Basement + G+8)	1,000 Seating Capacity for IT Professionals
-------------------------------	-------------------------------------	--	---

Funding: ₹140 Cr Total
(SASCI ₹85.52 Cr + State ₹54.48 Cr)

- Provides technical services to government departments, educational institutions, industries and startups.
- Built as a Green Building per IGBC standards; equipped with central AC, high-speed lifts, STP, fire-fighting system, advanced BMS and audio-visual systems.
- A significant milestone in strengthening technology-driven good governance, digital innovation and e-governance in Rajasthan.

Glipmses of IT Development & e-Governance Centre, Jaipur

II. Abhay Command & Control Centre (ACCC)

ACCC is the flagship integrated surveillance and emergency-response initiative of the Government of Rajasthan, initiated in 2017 from Jaipur and since expanded statewide, strengthening public safety, crime prevention, emergency response and traffic management through large-scale CCTV deployment and centralized monitoring. Funded with ₹27.43 Cr under SASCI 2024-25.

25,559 Total CCTV Cameras Installed	₹27.43 Cr SASCI 2024-25 Allocation	14,122 Cameras under Ladli Suraksha Yojana	1,400+ PCR Vans with Mobile Data Terminals
---	---------------------------------------	--	--

CCTV Network: 12,509 Online +
13,050 Offline Cameras

- Out of the 25,559 cameras installed, 14,122 are deployed under the Ladli Suraksha Yojana at public places and educational institutions to prevent harassment and crimes against girls and women.
- Emergency response: Computer Aided Dispatch (CAD) integrated with Dial 100/ERSS 112; Mobile Data Terminals on 1,400+ PCR vans; integrated with 1090 (Women Helpline), 1930 (Cyber Crime), 101 (Fire, Jaipur) and 108 (Ambulance).
- Integrated Traffic Management System operational in Jaipur, Jodhpur and Kota, with Digital Forensic and Social Media Investigation support.

Glimpses of Abhay Command Centre
and monitoring of cameras

6. Project under SASCI scheme for Construction of Working Women Hostels

SASCI 2024-25, Part-X: Construction of Working Women Hostels

Under Part-X of SASCI 2024-25, the Government of India approved ₹165.32 Cr for construction of Working Women Hostels at 41 district headquarters in Rajasthan with capacity of the hostel at Division HQ is 100 women and District HQ is 50. It is also a part of Budget Announcement No. 91 for FY 2024-25 for economic empowerment and livelihood enhancement of women. Operationalization of the hostels will be carried out on PPP mode.

41 Districts Working Women Hostels Approved	₹165.32 Cr Total SASCI Part-X Approval	₹165.32 Cr Received from Govt (100%)	₹87.29 Cr Transferred to RSAMB (Executing Agency)
--	---	---	---

Fund Flow Stage	Amount (₹ Cr)	% of Approved
Approved (SASCI Part-X, Government of India)	165.32	100%
Received — 1st Instalment (66%, 11.03.2025)	109.11	66%

Implementation Details

- The Rajasthan State Agricultural Marketing Board (RSAMB), Jaipur has been authorized as the executing agency for construction of new Working Women Hostel buildings.
- Administrative and financial sanction of ₹165.32 Cr has been issued for construction of Working Women Hostels in 41 districts.
- During FY 2025-26, of the ₹165.32 Cr approved by the Government of India, ₹125.29 Cr was transferred to the Single Nodal Account (SNA), of which ₹87.29 Cr has further been transferred to RSAMB for scheme implementation.

Part – B

Departmental Reforms under SASCI scheme

1. Creating the Farmer Registry under Digital Public Infrastructure for Agriculture Under SASCI Scheme

Farmer Registry project

Under the Part-VII B (Incentives for Creating the State Farmers' Registry) of the SASCI scheme, 2024-25, and Part-VII B (Incentives Digital Public Infrastructure for Agriculture) of the SASCI scheme, 2025-26, under the Farmer Registry project, every farmer in the State is issued a unique 11-digit Farmer ID after Aadhaar e-KYC, to build a single authenticated farmer database and link farmers to government schemes and services. Digitized land and crop records also enable delivery of benefits by allied departments.

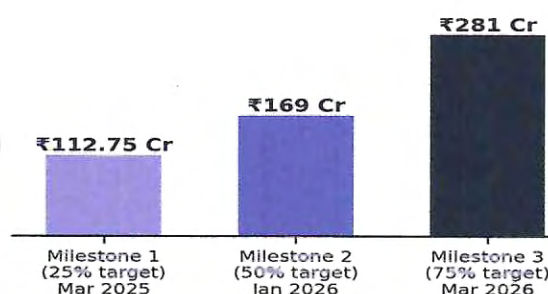

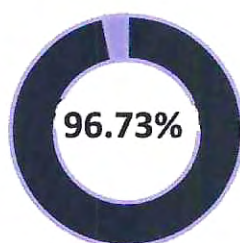

87.25 Lakh Farmers Registered (as on date)	96.73% of GoI Target (90.19 Lakh)	₹576.21 Cr SASCI Incentive Secured (2025-26)	Rank 1 Among States (Mar 2025 rollout)
--	---	--	--

Rollout & Current Status

- Launched 5 Feb – 31 Mar 2025 through 11,141 camps; over 70 lakh farmers registered by 31 Mar 2025 — Rajasthan ranked 1st nationally. Drive later widened via e-Mitra, CSC and Patwaris.
- 83 lakh farmers were registered till date 31 march 2026. Since 1 April 2026, 5.25 lakh farmers have been registered, taking the total registrations to 87.25 lakh farmers, which is 96.73% of the Government of India's target of 90.19 lakh.
- Out of approximately 66 lakh PM-KISAN beneficiaries in the State (23rd installment), 50 lakh farmers have already been registered.

SASCI Incentives Received (2025-26) & 2026-27 Digital Public Infrastructure for Agriculture Milestones

Farmer Registry: 87.25 Lakh of 90.19 Lakh Target

SASCI Incentive Received in 2024-25 and 2025-26 Total Rs. 562.75 Cr.

AgriStack Component (2026-27)	Current Status
AgriStack-enabled Fertiliser Distribution	Piloted in Sirohi & Rajsamand (25 Jun 2026); ₹175 Cr proposal sent to GoI
MSP Procurement (RajFed Integration)	Integration under discussion

Key Way-Forward Actions

- Weekly progress review with Farmer Registry Nodal Officers; monthly review with District Collectors chaired by the Secretary (Agriculture).
- SMS-based outreach to PM-KISAN beneficiaries without a Farmer ID, with lists shared with concerned Patwaris;
- GoI has now made Farmer ID mandatory for PMFBY and new PM-KISAN registrations.
- Remaining 2 crore land buckets, tenant (Bataidar) farmers and forest-land holders being prioritised for onboarding;
- 861 villages activated on the portal so far.

2. Mining Sector Reforms under SASCI scheme

Key Interventions for Mining Sector Reforms

To boost mineral revenue and secure incentives under SASCI 2026-27, Part V (Mining Sector Reforms), the Mines & Petroleum Department is implementing wide-ranging mining-sector reforms i.e., transparent e-auction of all mineral blocks, mine-closure safeguards, DMFT Rules 2025, and technology-led monitoring.

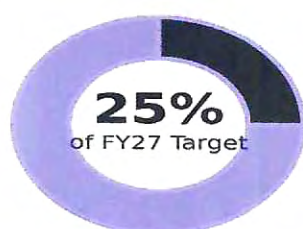

141 Blocks	Rank #1	₹200 Cr	39 Blocks
Major Mineral Blocks Auctioned Since 2015 (Highest in India)	Nationally in Major Mineral Block Auctions	SASCI Incentive Earned (2025-26)	Major Mineral Blocks Auctioned in 2025-26

Key Reforms & Technology Adoption

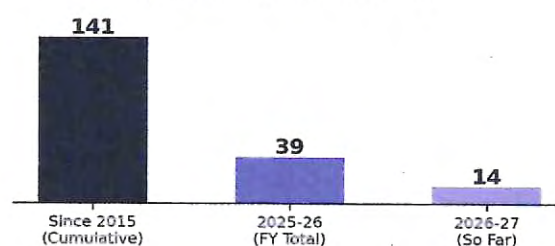

- Minor Mineral Policy issued; State Mineral Exploration Trust formed (15.09.2020) to boost exploration activity.
- All major and minor mineral leases/composite licences allotted only through e-auction, ensuring full transparency.
- Mine Closure Plan mandated for minor minerals, with financial assurance from lessees for pit backfilling and rehabilitation.
- DMFT Rules 2025 notified — covering audit, State-Level Monitoring Committee, affected-area criteria and grievance redressal.
- AI/ML piloted for exploration; drone survey, GPS/RFID vehicle tracking, mobile-app panchnama and a state-wide Mines Surveillance System deployed against illegal mining & transport.

Achievements (2025-26)

Major Blocks E-Auctioned: 14 of 56 Planned in FY 2026-27

Major Mineral Blocks E-Auctioned (Highest in India Since 2015)

- 39 major mineral blocks auctioned in 2025-26 (limestone, iron ore, copper, lead-zinc, fluorite, emerald, rock phosphate, potash, rare earth, etc.).
- India's first composite-license e-auction of Potash blocks held at Hanumangarh — one block each allotted to HZL and OIL.
- All major-mineral auctions conducted in-house without external transaction advisors, saving costs to the State exchequer.
- Weighbridge automation to check royalty evasion; State/District Task Forces (with Police) and a Post-Auction Facilitation Cell operationalized.

SASCI Incentives (2025-26)	Amount
State Mining Readiness Index (SMRI) 2025 — Category-A, 2nd Rank (Overall)	₹100 Cr
SMRI 2025 — Regulatory Reforms in Minor Mineral Sector (Category-A)	₹100 Cr
Recognitions (2025-26)	Status
Ministry of Mines Award — Exemplary Auction Performance, FY 2023-24 & 2024-25 (20.01.2025)	Recognition
Certificate of Appreciation — Notification of DMFT Rules 2025	Recognition

Action Plan (2026-27)

- 56 major mineral blocks planned for e-auction; 14 limestone blocks already auctioned successfully.
- New institutions in the pipeline: Centres of Excellence for Rare Earth Elements & Ceramics (Jaipur), Institute of Mines (Udaipur, with ISM Dhanbad), Centre of Excellence for Mines & Minerals (Jaipur — DPR under preparation), and a State-of-the-art Mineral Core Library at Udaipur (10 bigha land already allotted).

FY 2026-27 E-Auction Plan (Nos. of Blocks/Plots)

Major Mineral Blocks —  **56**

Minor Mineral Plots —  **657**

Gravel (Bajri) Plots —  **85**

3. Urban Development Reforms/Milestones (FY 2024-25 & FY 2025-26) under SASCI scheme

Brief of the Reforms

Under SASCI FY 2025-26 (GoI guideline dated 17.09.2025), the department initiated compliance for 27 reforms under Part-X (Urban Planning & Ease of Doing Business), delivered across two streams — Part-XA (Governance, Finance, Urban Land & Planning) and Part-XB (Compliance Reduction & Deregulation for EoDB). Under SASCI FY 2024-25 (GoI guideline dated 23.12.2024), 9 reforms across 8 urban-reform components were targeted.

22 of 27 Reforms Achieved, Part-X (FY 2025-26)	₹807.84 Cr Incentive Received (FY 2025-26)	6 of 9 Reforms Completed (FY 2024-25)	₹52.50 Cr Incentive Received (FY 2024-25)
--	--	---	---

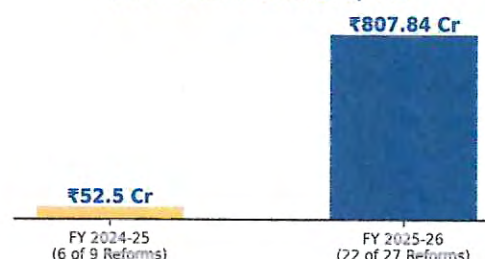

An additional ₹2,255 Cr in reform-compliance claims has been submitted to MoHUA for FY 2025-26 and is pending consideration.

Reform Progress Overview

FY 2025-26: 22 of 27 Part-X Reforms Achieved

SASCI Incentive Received, by Year

FY 2025-26 — Key Landmark Reforms

- Model Building Byelaws 2025 (12.05.2025) and Rajasthan Township Policy 2025 (17.07.2025) notified.
- Non-compatible (negative) list introduced in DPCR (24.10.2025) to promote flexible zoning and deregulation.
- MSME Change-of-Land-Use (CLU) timeline reduced from 45 to 30 days (07.11.2025).
- Transit Oriented Development (TOD) Policy Rajasthan 2025 notified (10.12.2025); 5 TOD corridors declared (16.12.2025).
- 40+ master plans placed on the GIS platform, with new master plans notified (e.g. Khatu Shyam Ji, 21.08.2025).

FY 2024-25 — Reform Highlights

Reform	Focus Area	Key Project / Status
Reform-I	TPS / Land Pooling	TPS Shivdaspura (163.5 ha) notified 13.11.2024; TPS Achrawala (172.61 ha) proposed
Reform-II	Building Byelaws / Zoning	DPCR notified 14.10.2024; 6 affordable housing projects sanctioned & under implementation
Reform-V	Peri-Urban Planning	Greenfield Institutional City, Ranpur, Kota (~150 ha) — plan submitted to Gol
Reform-VII	GIS Utility Mapping	Sewerage (Sanganer, PRN-North, Bikaner) & stormwater drainage (Sikar Road) under implementation
Reform-VIII	Urban Forest (Climate)	Nagar Van, Jaisinghpura (17.80 ha) & Bio-Diversity Park, Nevta (22.21 ha), Jaipur

Way Forward

- Extend GIS/digital-twin mapping to more ULBs; operationalise TOD corridors and greenfield city plans; use PM GatiShakti for master-plan updation and capital-asset prioritisation.
- Pursue full realisation of the pending ₹2,255 Cr reform-incentive claims in subsequent SASCI cycles.
- Sustain reform momentum through infrastructure delivery under TPS Shivdaspura and TPS Achrawala, Jaipur, and continued monitoring beyond the incentive period.

4. Reforms undertaken for Transport & Road Safety Department under SASCI scheme in 2024-25

Brief of the Reforms

Under the Part IV (Incentives for Scrapping of Old Vehicles) of the Scheme for the 'Special Assistance to States for Capital Investment (SASCI), the Transport & Road Safety Department has taken following measures:

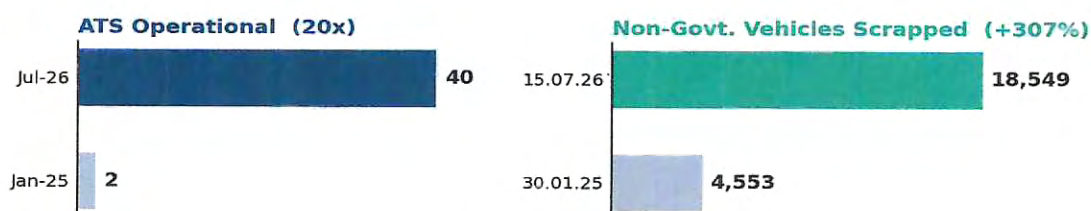

Incentive received in FY 2024-25 – Rs.23.74 Cr

Incentive received in FY 2025-26 – Rs.68.80 Cr

- **Vehicle Scrapping:** Scientifically scrapped 21,831 vehicles through 4 operational RVSFs, comprising 3,282 Government and 18,549 Non-Government vehicles.
- **Non-Government Scrapping:** Achieved a 307% increase in non-government vehicle scrapping since January 2025.
- **Automated Testing Stations (ATS):** Expanded the ATS network 20-fold, from 2 to 40 stations, to facilitate mandatory fitness testing of vehicles.
- **ATS Registration:** Issued 88 Provisional Registration Certificates (PRCs) to support the expansion of the ATS network.
- **Electronic Enforcement:** Deployed enforcement infrastructure at 66 critical junctions across 5 cities.
- **High-Risk Corridors:** Covered 20 high-risk corridors identified through e-DAR data.
- **Interceptors:** Deployed 89 Car/Bike Interceptors for enhanced traffic enforcement and road safety.
- **e-Challans:** Generated approximately 29.1 lakh e-Challans up to March 2026, improving transparency and enforcement efficiency.

Overall Impact: These interventions are contributing to cleaner vehicle fleets, safer roads, improved vehicle fitness compliance, and more transparent enforcement.

21,831	4	40	88	89	29.1 L
Vehicles scrapped	Registered Vehicle Scrap Facilities	ATS operational (20x)	ATS PRCs issued	Interceptors (Car+Bike)	e-Challans (to Mar-26)

Glimpses of Registered Vehicle Scrap Facilities

Conclusion

SASCI has provided Rajasthan with an important framework for enhancing capital investment while advancing priority reforms across key sectors. The initiatives undertaken during FY 2024-25 and FY 2025-26 demonstrate the State's efforts to utilise the scheme for both creation of durable public assets and implementation of outcome-oriented reforms. These interventions will give multiplier benefits to the state's economy.

Major infrastructure interventions have supported connectivity, irrigation, drinking water, public safety, digital governance and women's economic empowerment, while reform initiatives have focused on strengthening agricultural databases, improving mining governance, promoting urban planning and ease of doing business, and enhancing road safety.

Going forward, timely achievement of reform milestones, effective inter-departmental coordination, close monitoring of physical and financial progress, and timely submission and utilisation of eligible assistance will remain important for maximising the benefits available under SASCI. Continued focus on measurable outcomes and effective implementation will support Rajasthan in leveraging the scheme as an instrument for strengthening infrastructure, improving governance and advancing the broader development objectives of Viksit Rajasthan 2047.
